Red Alert

This is a **Red Alert** on the Recognition of Aboriginal and Torres Strait Islander people to be included in the Constitution.

The Australian Constitution

- The Australian Constitution is Whiteman's Law that does not apply to Aboriginal People still.
- The 1986 Australia Act (Constitution) is a British Law of Parliament applying to 'Queens Subjects' only.
- A Treaty that protects cultural rights should be the pathway for the Australian Government to acquire jurisdiction.

Did you know?

- That Recognise means to enter into 'Recognizance'.
- Entering into Recognizance wipes out all previous real estate and gives the Recognisers the ultimate powers over all matters.
- That Recognizance is a Medieval Law used on black slavery by entering the 'slaves' into Recognizance with their slave masters.
- The Commonwealth Government need Section 51:26 changed to give them power to negotiate overseas Treaties for they need our Sovereignty to gain Sovereign Powers.

Recognition

"Recognise is a scam created by John Howard to persuade Aboriginal People to bypass a Treaty process to allow the Australian Government to have jurisdiction to make laws for Aboriginal and Torres Strait Islander People.

'Recognise' does not offer Aboriginal People Rights and it does not fix racism.

"A recognition into the illegal constitution will render us mainstream. We will be just like any other Aussie. The big problem with that is that we are NOT on an even keel with the rest of the country on any level e.g. health stats, education stats, legal stats etc etc. Closing the gap will never happen if we get our much needed services taken from us. And that will happen if we get incorporated and counted just like any other Aussie. It dissolves all responsibility of the Gubbament to come good and clean up what they created. If we ALL were on the same playing field - then that would be another story - but we are not!!!. Aboriginal people are blocked in every way at every corner to advance themselves as it stands now. 'Recognising' us (in an illegal document anyway) will be the final nail in our collective coffin. There will be no more Aboriginal Health services, no more Abstudy, no more Aboriginal Legal aid, Aboriginal housing, ASSPA etc etc... I for one don't want to be mainstreamed - I would love to keep my separate identity as an Aboriginal woman belonging to the oldest surviving continuous culture in the world..... That

is my birth right...!!!! [-O-]
